- Mr. Orr

- “I’ll be discussing public trust in the important work the Board is doing. We will discuss the past indiscretions of the Board and the means to correct the damage that was done by that corruption of the process you are engaged in. This should begin discussions that lead to an action item that reopens the Record of Decision and allows honest, transparent review of that corrupted process so that the Board can actually serve the people of Lincoln County and protect them.”
