RE: Separability of Ground Water and Asbestos Superfund Sites

Gentlemen:

We are in receipt of the June 22, 2018 letter from Director Livers of DEQ in response to the Lincoln City-County Board of Health (BOH) letter dated June 14, 2018. The DEQ response was received by USPS on June 27<sup>th</sup>.

We interpret your letter as confirmation that separation of Ground Water and Asbestos site issues is now agreed to and resolved. Regarding the letter of support issue (the letter from EPA lawyer Max Greenblum to Mr. Steve Wade, LCPA attorney dated September 21, 2017), we assume that EPA concurs.

We appreciate your attention to these matters, and will continue our efforts related to the CGA.

Respectfully:
