

AN ACT REALLOCATING A PORTION OF METALLIFEROUS MINES LICENSE TAX COLLECTIONS; PROVIDING A TRANSFER OF FUNDS TO THE ENVIRONMENTAL QUALITY PROTECTION FUND; AMENDING SECTIONS 15-37-117, 75-10-704, AND 75-10-743, MCA; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 15-37-117, MCA, is amended to read:

"15-37-117. Disposition of metalliferous mines license taxes. (1) Metalliferous mines license taxes collected under the provisions of this part must, in accordance with the provisions of 17-2-124, be allocated as follows:

- (a) to the credit of the general fund of the state, ~~57%~~ 47% of total collections each year;
- (b) to the state special revenue fund to the credit of ~~a~~ the hard-rock mining impact trust account established in 90-6-304(2), 2.5% of total collections each year;
- (c) to the hard-rock mining reclamation debt service fund established in 82-4-312, 8.5% of total collections each year;
- (d) to the natural resources operations state special revenue account established in 15-38-301, 7% of total collections each year; ~~and~~ and
- ~~(e)~~(e) within 60 days of the date the tax is payable pursuant to 15-37-105, to the county or counties identified as experiencing fiscal and economic impacts, resulting in increased employment or local government costs, under an impact plan for a large-scale mineral development prepared and approved pursuant to 90-6-307, in direct proportion to the fiscal and economic impacts determined in the plan or, if an impact plan has not been prepared, to the county in which the mine is located, ~~25%~~ 35% of total collections each year, to be allocated by the county commissioners as follows:
 - (i) not less than 37.5% to the county hard-rock mine trust account established in 7-6-2225; and
 - (ii) all money not allocated to the account pursuant to subsection ~~(4)(e)(i)~~ (1)(e)(i) to be further allocated

as follows:

(A) 33 1/3% is allocated to the county for general planning functions or economic development activities as described in 7-6-2225(3)(c) through (3)(e);

(B) 33 1/3% is allocated to the elementary school districts within the county that have been affected by the development or operation of the metal mine; and

(C) 33 1/3% is allocated to the high school districts within the county that have been affected by the development or operation of the metal mine.

(2) When an impact plan for a large-scale mineral development approved pursuant to 90-6-307 identifies a jurisdictional revenue disparity, the county shall distribute the proceeds allocated under subsection ~~(1)(e)~~ (1)(e) in a manner similar to that provided for property tax sharing under Title 90, chapter 6, part 4.

(3) The department shall return to the county in which metals are produced the tax collections allocated under subsection ~~(1)(e)~~ (1)(e). The allocation to the county described by subsection ~~(1)(e)~~ (1)(e) is a statutory appropriation pursuant to 17-7-502."

Section 2. Section 75-10-704, MCA, is amended to read:

"75-10-704. Environmental quality protection fund. (1) Subject to legislative fund transfers, there is in the state special revenue fund an environmental quality protection fund to be administered as a revolving fund by the department. The department is authorized to expend amounts from the fund necessary to carry out the purposes of this part.

(2) The fund may be used by the department only to carry out the provisions of this part and for remedial actions taken by the department pursuant to this part in response to a release of hazardous or deleterious substances.

(3) The department shall:

(a) except as provided in subsection (7), establish and implement a system, including the preparation of a priority list, for prioritizing sites for remedial action based on potential effects on human health and the environment; and

(b) investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(4) There must be deposited in the fund:

(a) all penalties, forfeited financial assurance, natural resource damages, and remedial action costs recovered pursuant to 75-10-715;

(b) all administrative penalties assessed pursuant to 75-10-714 and all civil penalties assessed pursuant to 75-10-711(5);

(c) funds allocated to the fund by the legislature;

(d) proceeds from the resource indemnity and ground water assessment tax as authorized by 15-38-106;

(e) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;

(f) funds received from the interest income of the fund;

(g) funds received from settlements pursuant to 75-10-719(7); ~~and~~

(h) funds received from the interest paid pursuant to 75-10-722; ~~and-~~

(i) funds transferred from the orphan share account pursuant to 75-10-743(10). The full amount of these funds must be dedicated each fiscal year as follows:

(i) 50% to the state's contribution for cleanup and long-term operation and maintenance costs at the Libby asbestos superfund site; and

(ii) 50% to metal mine reclamation projects at abandoned mine sites, as provided in 82-4-371. This subsection (4)(i)(ii) does not apply to exploration or mining work performed after March 9, 1971. Projects funded under this subsection (4)(i)(ii) are not subject to the requirements of Title 75, chapter 10, part 7.

(5) Whenever a legislative appropriation is insufficient to carry out the provisions of this part and additional money remains in the fund, the department shall seek additional authority to spend money from the fund through the budget amendment process provided for in Title 17, chapter 7, part 4.

(6) Whenever the amount of money in the fund is insufficient to carry out remedial action, the department may apply to the governor for a grant from the environmental contingency account established pursuant to 75-1-1101.

(7) (a) There is established a state special revenue account for all funds donated or granted from private parties to remediate a specific release at a specific facility. There must be deposited into the account the interest income earned on the account. A person is not liable under 75-10-715 solely as a result of contributing to this account.

(b) Funds donated or granted for a specific project pursuant to this subsection (7) must be accumulated

in the fund until the balance of the donated or granted funds is sufficient, as determined by the department, to remediate the facility pursuant to the requirements of 75-10-721 for which the funds are donated.

(c) If the balance of the fund created in this subsection (7), as determined by the department pursuant to the requirements of 75-10-721, is not sufficient to remediate the facility within 1 year from the date of the initial contribution, all donated or granted funds, including any interest on those donated or granted funds, must be returned to the grantor.

(d) If the balance for a specific project is determined by the department to be sufficient to remediate the facility pursuant to the requirements of 75-10-721, the department shall give that site high priority for remedial action, using the funds donated under this subsection (7).

(e) This subsection (7) is not intended to delay, to interfere with, or to diminish the authority or actions of the department to investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(f) The department shall expend the funds in a manner that maximizes the application of the funds to physically remediating the specific release.

(8) (a) A person may donate in-kind services to remediate a specific release at a specific facility pursuant to subsection (7). A person who donates in-kind services is not liable under 75-10-715 solely as a result of the contribution of in-kind services.

(b) A person who donates in-kind services with respect to remediating a specific release at a specific facility is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss of or damage to property, or economic loss.

(c) Immunity from liability, pursuant to subsection (8)(b), does not apply in the case of a release that is caused by conduct of the entity providing in-kind services that is negligent or grossly negligent or that constitutes intentional misconduct.

(d) When a person is liable under 75-10-715 for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance, the person may not avoid that liability or responsibility under 75-10-711 by subsequent donations of money or in-kind services under the provisions of

subsection (7) and this subsection (8).

(e) Any donated in-kind services that are employed as part of a remedial action pursuant to this subsection (8) must be approved by the department as appropriate remedial action."

Section 3. Section 75-10-743, MCA, is amended to read:

"75-10-743. Orphan share state special revenue account -- reimbursement of claims -- payment of department costs. (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and, except as provided in subsections (9), (10), and (11), must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-751 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

- (a) all penalties assessed pursuant to 75-10-750(12);
- (b) funds received from the distribution of oil and natural gas production taxes pursuant to 15-36-331;
- (c) unencumbered funds remaining in the abandoned mines state special revenue account;
- (d) interest income on the account;
- (e) funds received from settlements pursuant to 75-10-719(7); and
- (f) funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsections (6) and (7), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Except as provided in subsection (6), reimbursement from the orphan share fund must be limited to

actual documented remedial action costs incurred after the date of a petition provided for in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-751 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the department's costs incurred in defending the orphan share must be paid from the orphan share fund in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-751 shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(c) A state agency that is liable for remedial action costs incurred has a claim against the orphan share fund and must be reimbursed as provided in subsection (3). The agency may submit a claim before or after remedial action is complete. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs. The agency may be reimbursed only after:

(i) its liability has been determined pursuant to 75-10-742 through 75-10-751 or by a court of competent jurisdiction;

(ii) it has received a notice letter pursuant to 75-10-711; and

(iii) the department has approved the costs.

(7) (a) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(b) The department may reimburse claims from a lead liable person upon completion and department approval of a report evaluating the nature and extent of contamination and a report formulating and evaluating

final remediation alternatives. This early reimbursement is limited to those eligible costs incurred by the lead liable person for the preparation of the reports.

(8) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

(9) (a) For the biennium beginning July 1, 2005, up to \$1.25 million may be used by the department to pay the costs incurred by the department in contracting for evaluating the extent of contamination and formulating final remediation alternatives for releases at the Kalispell pole and timber, reliance refinery company, and Yale oil corporation facility complex. If the department spends less than \$1.25 million for those purposes, the remaining funds must be spent for remediation of the facility complex. The department may not seek recovery of the \$1.25 million from potentially liable persons.

(b) The money spent pursuant to subsection (9)(a) must be credited against the amount owed by the state agency in a judgment or settlement agreement for payment of the remedial action costs at the facility for which the money was spent.

(10) (a) The department shall transfer from the orphan share account to the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 \$1.2 million in each fiscal year until the board of investments makes the certification pursuant to subsection (10)(b) of this section.

(b) (i) The board of investments shall monitor the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 to determine when the amount of money in the long-term or perpetual water treatment permanent trust fund will be sufficient, with future earnings, to provide a fund balance of \$19.3 million on January 1, 2018.

(ii) When the board of investments makes the determination pursuant to subsection (10)(b)(i), the board of investments shall notify the department and certify to the department the amount of money, if any, that must be transferred during the fiscal year in which the board of investments makes its determination pursuant to subsection (10)(b)(i) in order to provide a fund balance of \$19.3 million on January 1, 2018.

(iii) In the fiscal year that the board of investments makes its determination and notifies the department, the department shall transfer only the amount certified by the board of investments, if any, and may not make additional transfers during subsequent fiscal years.

(c) After July 1, 2018, the department shall transfer \$1.2 million in each fiscal year from the orphan share state special revenue account to the environmental quality protection fund provided in 75-10-704.

(11) The orphan share account is subject to legislative fund transfers."

Section 4. Effective date. [This act] is effective July 1, 2015.

Section 5. Termination. [This act] terminates June 30, 2027.

- END -

I hereby certify that the within bill,
SB 0020, originated in the Senate.

Secretary of the Senate

President of the Senate

Signed this _____ day
of _____, 2015.

Speaker of the House

Signed this _____ day
