

Lincoln County Study Commission Notes

November 16, 2016

This morning at 9:15 am, Study Commission members Steve Curtiss, Bonnie Larson, Josh Letcher and Bobbie Stoken met at the Lincoln County Annex in Eureka. Rita Windom was absent as she and her husband had already gone south for the winter. Discussion centered around our presentation to the Lincoln County Commissioners.

The Study Commission met with the County Commissioners at 10:00 am. The purpose of the meeting was that of bringing Lincoln County back into compliance with the Elected Official Form of Government, especially in the area of non-partisan elections.

Study Commission chairman, Steve Curtiss, called for a vote from the County Commissioners and was told by County Commissioner Mark Peck that the "County Commissioners had earlier said they would have a decision by December 15, 2016 and he wasn't ready to vote on any action at this time." Chairman Mike Cole concurred with him and no action was taken.

It was disappointing for the Study Commission, but we will wait until the later date and see what happens.

Respectfully submitted by

Bobbie Stoken
