ENVIRONMENTAL HEALTH**

**Application for Compliance Review and Affidavit Issuance for
A Wastewater Treatment and Disposal System Installed Without a Permit**

Property Owner's Information:

Name: _____

Mailing Address: _____

Telephone: _____ Email: _____

Person who installed system & date installed: _____

Detailed explanation of why there is no permit for system: _____

Parcel Description:

Property Address: _____

Legal: _____

Size: _____ Acres Assessment Code: _____

Use of System: Residential – Number of bedrooms _____

Commercial – Maximum discharge _____ gallons/day

Number of other septic systems on lot or parcel: _____

Does the parcel have a DEQ COSA? Yes No

If yes, Name: _____ Date: _____

Installed System Components:

Septic Tank Size: _____ gallons Trench Depth: _____ inches

Drainfield Size: _____ lineal feet Trench Width: _____ inches

Chambers/Infiltrators: Yes No Pressure Dosed: Yes No

Describe: _____

Signature: _____ Date: _____

****Review Fee of \$1500 must be included with this Application****

Make Checks Payable to: Lincoln County

Incomplete applications will not be accepted.

As part of the compliance review, the Department may require that system components are uncovered for inspection. The Department may also require a complete site evaluation (soils profile(s), percolation test(s), etc.). All components must meet the minimum construction and siting requirements for review approval and issuance of an affidavit.

LOT LAYOUT CHECKLIST

A lot layout must be drawn on an 8½ x 11" sheet showing the locations of the following features:

- Existing wastewater lines, cleanouts, septic tanks, pump stations, and other system components.
- Existing water supplies and distribution lines.
- Lot boundaries, structures, building sites, roads, parking areas, easements, and underground cables and lines.
- Streams, lakes, ponds, water courses, irrigation ditches and swamps.
- Designated 100-year flood zone boundaries.
- Steep slopes, embankments, ravines, outcroppings, fills and cuts.
- Soil profile holes, groundwater monitoring wells, and percolation test sites (if required).
- Percent and direction of slope across drainfield sites, north direction arrow and scale of drawing.
- Zoning restrictions, covenants or other encumbrances upon the property that restrict wastewater treatment and disposal.
- Any other natural or artificial feature or restriction that may influence the design and location of the system. The lot layout must be in scale or have critical distances labeled. Additional information may be required by Environmental Health if it is deemed necessary to ensure compliance with the Lincoln County Wastewater Treatment and Disposal Regulation.

Incomplete applications will not be accepted.
