4. AGENDA

a. Lakeshore Permit – Vredenburg (Dickey Lake)

Kristin started with this being the TABLED permit from the June meeting due to the quality of info they put together and the clarification of it. The applicant attempted to clarify with new drawings and changed the dimensions 3'deep 4'x1' (4x2 original). There was a discussion between the board members on the given dimensions. Other question was to anchoring the dock (deep cables); developer says no due to no vegetation – Mike who had asked the question is satisfied.

DECISION: Approve with Staff recommendations – Passed (Unanimous)

5. PLANNING DEPARTMENT REPORT

Kristen stated that nothing on the horizon except the expansion of Indian Springs RV expansion of possibly 50-60 lots. There is a PH set for RV Park design standards from your recommendations from last summer. No comments have been received – Kristin hopes the standards will be approved because the recommendation are based on what the board had heard for the past 2 years and that anyone living next to an RV park comes out in support of it. Paul asked when Kristin's last day was, she stated the September meeting would be her last meeting for now, but that she would be around. Mark Romey asked about Downey & Milnor Lake, Kristin said he heard abandoned it, Paul confirmed that Downey told him the same she; she questioned if he bought the dock and then abandoned it. There was more discussion about Downey leaving.
