DISCUSSION

During the process of this survey, I found and accepted the Southwest Section corner as being a BLM brass cap set by ACP, Corner Recordation No. 3438 Lincoln County Records, said cap was also accepted on C. of S. No. 975. Furthermore lying Easterly 79.71 feet more or less I found a scribed stone with a 5/8 inch dia. rebar capped: DOYLE, Corner Recordation No. 3060 Lincoln County Records, this stone is in an unconfirmed location. At this time there is a judicial opinion pending its location. Upon the judge's decision this tract of land still lies totally in Section 2.
