### BASIS OF BEARINGS

Bearings are based on the bearing of the East line of Lot 19, Rouse Tracts per COS #158.

#### NOTE

A topographical survey was originally performed on this parcel for Camp, Dresser, and McKee on October 14, 2004. During the course of that survey, the two easterly corner monuments were located. The northeast monument, a 5/8" rebar and plastic cap stamped 466 IS was subsequently destroyed by excavation. At the request of Camp, Dresser, and McKee and the property owner, the northeast corner was re-established at the position found in 2004.
