SURVEYOR'S NOTE

We made an exhaustive search for highway right-of-way monuments in this section and in adjoining sections. Previous surveys by others in this section and adjoining sections found no right-of-way monumentation and set reference monuments near the right-of-way line. Our search resulted in finding one original, undisturbed right-of-way monument in Section 32, which we held with the record tie from the Standard Meander Corner as shown on highway right-of-way plans.
