SURVEYORS NOTE:

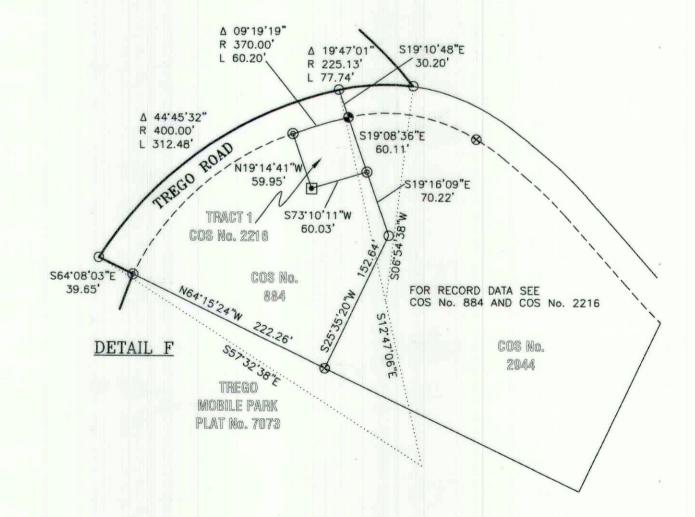

The easterly right—of—way of the Mission Mountain Railroad is inconsistently drawn when comparing COS No. 3510CO and 3691RB. By verifying the location of the track centerline I have determined that the right—of—way as shown on COS No. 3510CO is a correct depiction of ownership. While the Gorman deed (Book 384 Page 561) calls out Parcel B, COS No. 3691RB as a portion of the Gorman ownership, further study of the legal description of said Parcel B finds that the prevailing call along this portion of Gorman property is the "easterly line of the Mission Mountain Railroad right—of—way". I therefore find that the depiction of Gorman ownership along the railroad right—of—way per COS No. 3691RB to be incorrect, and have made corrections to the legal descriptions hereon to reflect the true nature of ownership based on ties to the track centerline which coincide with those measurements and monuments established on COS No. 3510CO.
