11:15 AM Fairgrounds Sewer: Present were Mike Fraser, Tom Lane, Jennifer Curtiss, Rebecca Nelson, Ray Stout and Derrick Perkins.

Mike talked about the Fairgrounds Sewer Project and requested the Commissioners communicate with the Town of Eureka regarding options to move forward that everyone can agree on. Mike questioned if there are City ARPA funds and County ARPA funds available. The commissioners discussed options, cost, drain fields, buildings, and easements. Commissioner Bennett agreed that the county needs to have discussion with the Mayor and Town Council. All options need to be put on the table. There is no negative to this project, we all want fairground improvements. Commissioner Letcher will follow-up and set up a meeting with the Town of Eureka for further conversation.

11:30 AM Tobacco Valley Rodeo Association (TVRA): Present were Mike Cole, Tom Lane, Jennifer Curtiss, Rebecca Nelson, Derrick Perkins, and Ray Stout.

Mike commented that he appreciates the patience and commented on challenges and struggles regarding the TVRA Agreement. Mike said the grant application was denied unfortunately, so the TVRA has made a commitment to finance the whole project and pay off the county loan. Mike said the loan should be paid within the month. Commissioner Bennett commented that would be very helpful and would be a real benefit to get the project completed for the whole community. Mike said TVRA is still chasing more grant money to continue with the building plans for the Skybox project. Mike asked if the commissioners would do a letter of support for an upcoming grant. Mike provided a picture of the Skybox Improvement Plan and requested a commissioner letter of support for other grant opportunities. Mike commented that he is a little nervous of the high price of fuel and having a decline in contestant turnout. Commissioner Letcher commented that there still needs to be an agreement to cover events and lease, insurance and other responsibilities.

11:45 AM Finance and Accounting Policy Change: Present were Finance Officer Wendy Drake, Jennifer Curtiss, Derrick Perkins, Tom Lane, Ray Stout and Rebecca Nelson.

The commissioners approved a letter designating Kathi Hooper as the Environmental Certifying Official responsible for all activities associated with the environmental review process to be completed in conjunction with the CDBG-CV grant awarded to Lincoln County for HVAC improvements to the TFS Community Hall.

Wendy said the County Attorney has reviewed the Lincoln County Procurement Policy and approved to change \$25,000 to \$80,000 following federal procurement policy.

Commissioner Bennett commented that now is the right time to update the county procurement policy; there is very little that can be purchased for \$25,000 at this time.

Commissioner Teske commented the change cleans up the county policy to the federal and state level and helps with grant processes. **Motion** by Commissioner Teske to move the county procurement from \$25,000 to \$80,000 per federal law. Second by commissioner Letcher, motion carried unanimously.
