

**NOTICE OF POST ELECTION AUDIT 2024
FEDERAL GENERAL ELECTION**

Per MCA 13-17-503 (5) "...A county is exempt from the post-election random sample audit requirements if the county's unofficial final vote totals for a ballot issue or for any race, except precinct committee representative, show a tie vote or a vote within the margins allowed by Title 13, chapter 16, part 2 for a recount..." the Lincoln County Local Government study commission race has a possible recount. The votes for the fifth candidate and the sixth candidate are just barely in paid recount range. This possible recount will exempt Lincoln County from performing the post-election audit.

Dated the 13th day of November, 2024
