No public comment on agenda items

Approve April'25 and July'25 minutes, Ernie moved, John second, unanimous

John has added an anonymous interview to our interview data

With Key Informant interviews going forward, we intend to add names & contacts, long history employees, and perhaps business owners, then track what/where/how our data might point to issues

Lengthy survey question discussion, if we should add demographic questions at the end of survey. Mike, John, and Ernie voted to add this info after John suggested this info can be very helpful in the future. Ernie wanted to ensure we do not project that we are out to gather personal information on citizens

We agreed need a banner when available/presenting to the public in person at various forums

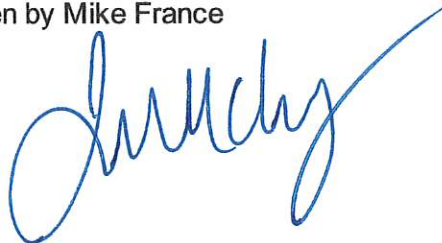

Agreed to use Survey Monkey, we agreed to include drawing for four \$100 gift cards, possibly using cards thru Glacier

We were made aware Troy has assembled a study commission

No comment on non-agenda items

Ernie & John moved and second to adjourn at 18:40, unanimous
