Comments: Uncovered and reviewed system. Required 1.25" line from dosing chamber to d-box be replaced with 2" line. System appears to be functioning as required and has been brought up to code per WQB-5 the effective design standard in use at the time of construction.

System Review Documentation Statement:

I, Jake Mertes *, have inspected/reviewed the components of this system as listed above and found it to be in compliance with the sizing, construction, orientation and operating requirements of Chapter 17, Subchapter 9 A.R.M., Circular DEQ-4 and Lincoln County Wastewater Regulation #3.*

Signed: _____ *Date:* 10/20/2017

Title: Sanitarian Lincoln County

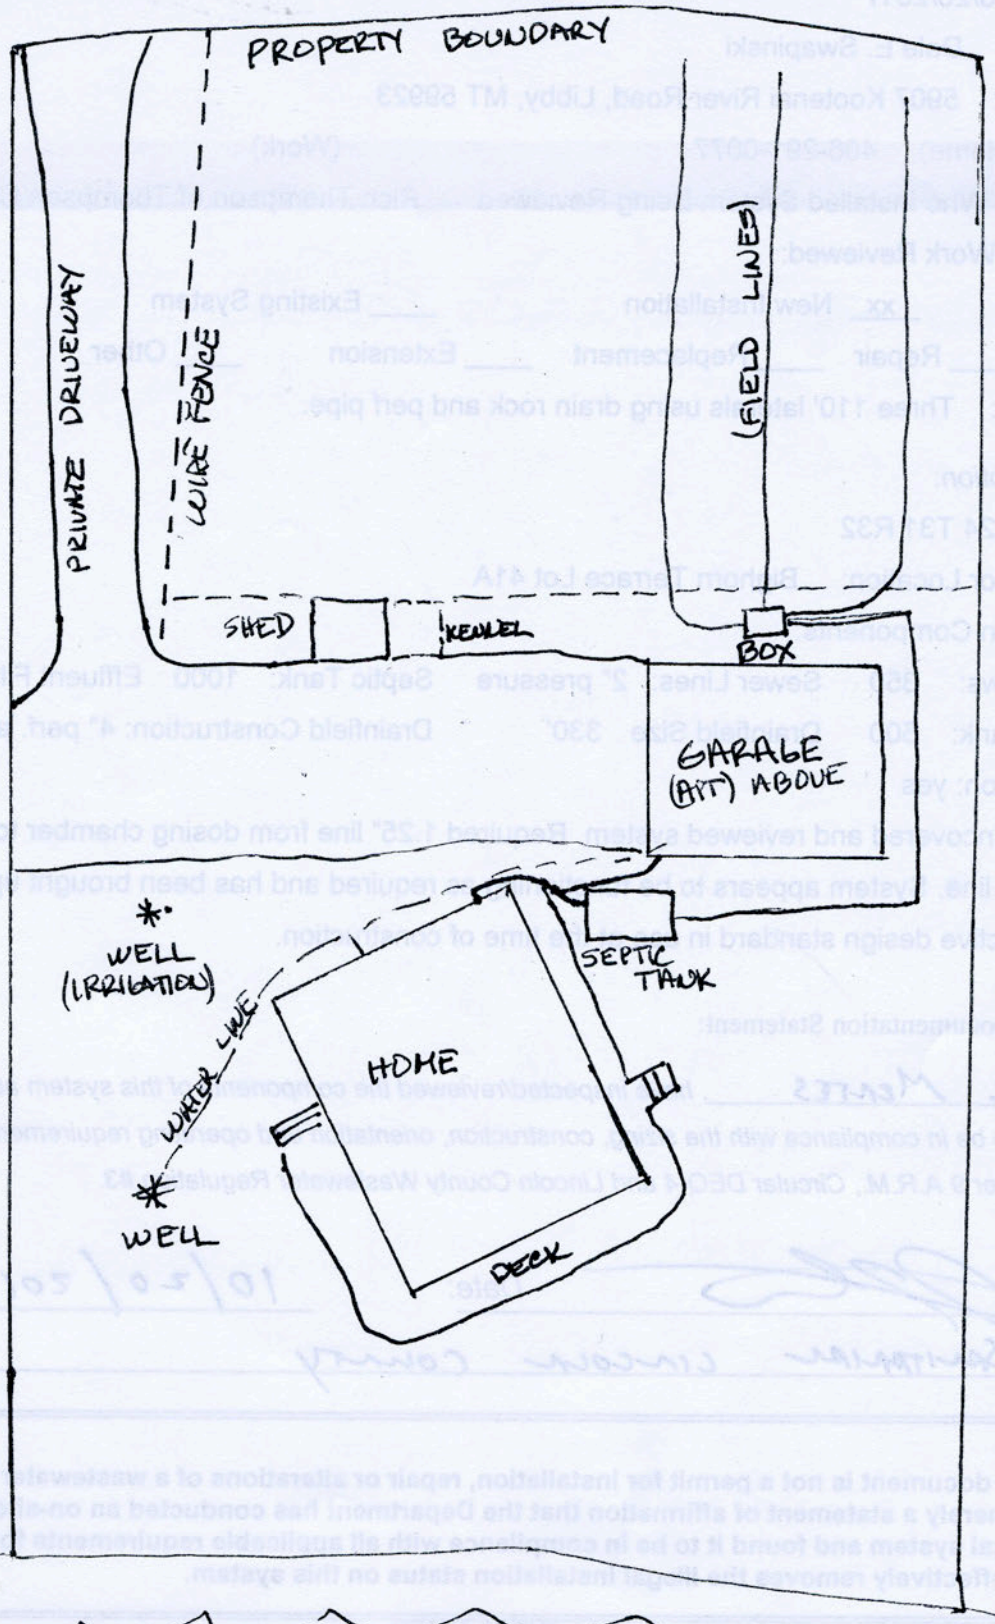

NOTICE: This document is not a permit for installation, repair or alterations of a wastewater treatment system. It is merely a statement of affirmation that the Department has conducted an on-site review of an otherwise illegal system and found it to be in compliance with all applicable requirements for that system. This affidavit effectively removes the illegal installation status on this system.

DISCLAIMER

This affidavit of review is not a guarantee by the Department that the system will continue to function properly for any prescribed period of time.
