

As a result of the flooding in northwest MT, we are planning to open and support a Winter Storm Resource Center in Libby. This Resource Center is intended to be a location where public, private, and non-profit groups gather to provide an overview of services and information available to residents affected by the disaster. The intent of opening this Center is to offer one location where people can find information, get connected with disaster related assistance, and talk to service providers.

When: Dec. 29-30th, 12pm-8pm (hours still being finalized)

Location: Libby Memorial Events Center, 111 E Lincoln Blvd.

Who should be involved:

- MT VOAD agencies who have volunteers or services that could support affected residents
- State agencies
- Local churches or faith-based organizations
- Local or state non-profits with information or services available to residents
- Other groups or agencies that may have volunteers available to help

Please contact if you would like to be involved:

Sara Hartley

State Hazard Mitigation Officer

Montana Disaster and Emergency Services

(406) 417-9238

Sara.Hartley@mt.gov

Betsy Ross

Training, Exercise, Education Section Supervisor

Montana Disaster and Emergency Services
